Use your highest ABC or certified average of first preceding season (85 pin  
handicap limit per game). If no preceding average, then use the highest current  
average of 21 games or more prior to bowling in tournament. If no current  
average, use your last previous average no further back than 5 years. If no  
average within last five years, use qualified Tournament Average. If no qualified  
Tournament average, use 150. The qualified Tournament average will be used if it  
is 15 pins more than the listed average. See Average section on back.
